

Centre for Rural Development and Technology
Indian Institute of Technology Delhi, India

in collaboration with

University of Eastern Finland

Invites you for an

International Symposium

on

“Circular Economy Solutions for Plastics and
Microplastics: Addressing the Grand Challenge”
CESP 2022

November 29,
2022

IIT Delhi
Campus

9:00 A.M.
Onwards

Motivation:

- To comprehend the environmental impacts of plastics and microplastics and the need to develop technological interventions for transitioning towards circular plastics economy.
- To understand the multi-disciplinary outlook (environmental, policy, and business) needed to achieve circular plastics economy.

Who should participate:

This invitation is extended to academic and research institutions along with municipal corporations, pollution control boards, industries and industrial development corporations, government departments, NGOs, entrepreneurs, and consultants involved in plastic waste management and microplastic solutions.
